RE: Green Wave Basketball

You are to be commended for your efforts as coaches of the *Green Wave* basketball program. I felt that Tim was able to hone his basketball skills, while becoming a well-rounded team player. He was always held accountable for his performance in both practices and games. This attention to detail has enabled him to mature both "on and off" the court.

I would be remiss if I didn't acknowledge all of the "extras" you provided for the players. I know there were a lot of "out of pocket" expenses covered through the generosity of Rick and Scott Hackler. I can't thank you enough for "caring and sharing!"

Best of luck to all future Green Wave Teams!

Dear Rick and Scott,

We would like to thank you for a great basketball experience. As coaches, you two cannot be beat. You expect a lot and give a lot in return. The rapport you are able to establish with the players is very impressive. We really appreciate that you see each player as an individual with unique talents that sometimes need to be nurtured in a positive way. You both have a knack for treating the players equally, regardless of the level of their talent.

Not only was the Greenwave Basketball Program a wonderful learning experience for Thomas, we really enjoyed every facet of it. Traveling with the team to away tournaments was always fun. Your generosity with the team in terms of time spent and what had to be a great deal of monetary expenditure on your parts was also very much appreciated!

Please feel free to use us as a reference anytime you might need it.

Sincerely,

Larry and Susan Dougherty
